Mission Statement

The Northdale Christian Academy (NCA) athletic program is an extension of its educational mission. NCA athletics is set up to serve the students of the school by providing participation in sports at a competitive level in a safe and Christian environment.

Philosophy

It is our belief at NCA to develop the whole child emotionally, academically, and spiritually. This is also true of physical development and participation in an organized sports program.

While it is good to want your team to win, the NCA philosophy keeps this goal of winning in perspective. The primary focus is on learning and developing skills in a safe and positive environment through sportsmanship, teamwork, and fair play.

Goals

- Develop an atmosphere where children learn and enjoy sports;
- Give every student K-8th grade an opportunity to participate in at least one activity;
- Teach the skills necessary to participate in and appreciate sports;
- Instill in the student a sense of responsibility by demanding consistently high standards of behavior and making the student aware and respectful of the needs of others;
- Nurture unselfishness in the student by requiring his/her actions on the playing field be consistent with the goals of the team as a whole and not be directed toward individual honors;
- To, at all times, have respect for teammates, referees, opposing players, coaches, and parents;

Through all this we hope every student, coach, and parent will use every opportunity to educate team members to model Christ on and off the field/court. Each competition and practice should be a learning experience for everyone involved.

Policies

Absences

If a student athlete is absent from school, he/she is not eligible to participate in any game or practice that may take place after school or evening of that day.

Attendance

Attendance at all practices and games is of great importance for the individual athlete and the team. For this reason, the student should meet all attendance requirements.

The student athlete is required to participate in all practices, games, and tournaments. If there is an illness or emergency, it is the responsibility of the parent to notify the coach or Athletic Director so the student athlete may be excused.

- First unexcused absence: the student athlete will not start the following game.
- Second unexcused absence: the student athlete loses up to 50% of his/her playing time.
- Third unexcused absence: student athletes and parents must meet with the Athletic Director to determine status on the team.

Academics

The athletic program does not take precedence over the academic program; therefore, each student athlete is expected to maintain the following minimum academic standards:

- Student athletes must maintain at least a "C" average in academic subjects.
- Student athletes must maintain at least an "S" in conduct, effort, and homework.
- Student athletes are required to have all assignments finished on time. The student will sit out any practices or games until work is completed.

Individual teachers reserve the right to waive any athletic suspension for any student judged to be working at an ability level but not maintaining a "C" or better average.

Fees

Fees help to cover the costs of rentals, referees, replacing and acquiring needed equipment to operate an athletic program. The costs are different depending on what is needed for each sport. Below are the costs for one player for each of the sports offered here at NCA.

- Kickball Intramural \$5
- Flag Football \$25
- Basketball \$25
- Track and Field \$25
- Pee Wee Soccer \$25
- Soccer \$25

Transportation

It is the parent/guardian's responsibility to get their child to all competitions. If you are not able to drive then it is your responsibility to find carpooling for your child.

NCA has a 15-passenger van available for team transportation. Parents may speak with the coach or athletic director to guarantee a seat.

After-school care

Any student athlete still at school 10 minutes after a practice has finished will be admitted into the after-school program at NCA.

Please see the parent/student handbook for the cost associated with the after-school care.

Practices and Competitions

The NCA athletic program is an extension of its educational and spiritual missions. We understand the need to limit the hours of practice and competition so that students can perform their best in the classroom. It is our goal to limit practices and competitions as such:

- The first practice will take place no sooner than four weeks before the first scheduled competition.
- Practices will be no longer than 75 minutes.
- It is our goal to limit total practices and competitions to two days a week.
- Coaches may schedule an extra practice, with permission from the athletic director, on weeks when competitions are on weekends

Eligibility

Student-Athlete

The NCA eligibility requirements for all sports:

- A student must be enrolled in, attending, and in good standing at NCA.
- Each student athlete participating in NCA's athletic program is expected to maintain the minimum academic standards outlined on page three.
- Failure to abide by the policies set on page three may result in suspension from practice or a game, and possible removal from the team at the discretion of the Athletic Director and Principal.
- Read and agree to the student contract. The contract must be signed and turned in before the student can participate.
